A few essentials for publishing in the JTVA:

Research article: A regular full-length article (less than 6000 words text), reporting results of original research with an abstract of 250 words.

Review articles: An article covering subjects falling within the scope of the journal which are of active current interest. The word limit is 5000. (***The Review articles are allowed for only special invitations of the Editorial Board.***)

Case study: A research paper involving an up-close, in-depth, and detailed examination of a subject of study (the case), as well as its related contextual conditions. The word limit is 5000.

Short Communications: Short research papers which have one or two results of particular interest or importance, but not the body of work expected in a full-length paper. Authors are expected to keep Short Communications very concise. The word limit is 3000.

General information

Journal of Technology and Value Addition (JTVA) ISSN 2673-1223, is a peer reviewed multidisciplinary journal published bi-annually by the Uva Wellassa University. The Journal features Original Research Articles, Review Articles, Short Communications, and Case Studies in Social Sciences and Humanities, Natural and Applied Sciences, Engineering and Technology and other fields acceptable to the Editorial Board. Submitted papers should describe original and previously unpublished work and those not currently under review by another journal. Demonstration of a significant contribution by “value addition” to a given field acceptable to the Editorial Board is crucial to accept a manuscript for publication in JTVA.

Number of Issues

Two issues will be published per year. The first and second issues are published in January and July, respectively.
