## TERMS OF REFERENCE (TOR) FOR NON-CONSULTANCY

---

### **Accelerating Higher Education Expansion and Development (AHEAD) Operation**

#### **Non- Consultancy for Innovation Dash Board**

(UWU/AHEAD/ELTAELSE/DMS/NCON/01)

**Department of Management Sciences (DMS), Uva Wellassa University (UWU)**

### **1. Background**

The development of the higher education sector is of central importance to enable Sri Lanka to make the transition from a Lower Middle Income Country (LMIC) to an Upper Middle Income Country (UMIC). Recognizing this, the Government of Sri Lanka (GoSL) and the World Bank have agreed, to support the higher education sector through a Bank funded Accelerating Higher Education Expansion and Development (AHEAD) operation.

Department of Management Sciences (DMS) was established in 2005 under the Faculty of Management (FOM) with the inception of Uva Wellassa University (UWU). The BBM in Entrepreneurship & Management was its pioneering degree programme which currently has expanded to offer three specialization streams. During its short existence, the DMS has taken steps to incorporate the principles of Outcome Based Education and Learner Centred Teaching into its degree programmes. In addition, the curriculum revisions at five year intervals enabled the DMS to identify and incorporate emerging requirements in the industry and keep the curricular up to date, and to be in line with the university's vision to become a Centre of Excellence for Value Addition.

Under the Accelerating Higher Education Expansion and Development (AHEAD) Operation, the DMS has identified the following five activities.

- Activity 1: English language skills enhancement of undergraduates through creative practices
- Activity 2: Boost-up research-based skills among undergraduate students and staff members in the department
- Activity 3: Developing entrepreneurial skills and capabilities through nurturing entrepreneurial culture among students
- Activity 4: Developing Promotional and Public Relation Skills of the undergraduates through Best Marketing Practices
- Activity 5: Build-up secured employability platform through Career Development

Under the Activity 3 – Innovations/Business projects by students promoted through “Innovation Dash Board” is proposed to be carried out for the Entrepreneurship and Management students of DMS.

The DMS aims to enhance students' entrepreneurial competencies such as identifying and assessing viable business ideas, new venture creation, resource planning; evidence-based decision making etc. In this regard, the DMS has identified the need of providing practical exposure on entrepreneurial and innovative skill as it is important to produce a skilful entrepreneurs. Undoubtedly, the current classroom sessions with heavy theoretical background are insufficient to produce entrepreneurs with such qualities. To conquer this challenge, the Innovation Dash Board has been proposed as a solution to encourage entrepreneurial and innovative skill development through research projects and community based projects.

Innovation Dash Board will be developed at the 2<sup>nd</sup> quarter of 2020 and annually 30 projects are expected to publish in the Innovation Dash Board.

## **2. The Operation**

Accelerating Higher Education Expansion and Development (AHEAD) operation is organized into two components. The first is a Program Component that supports the national Higher Education Development Program. The second is a systems strengthening, capacity building and technical assistance component that will assist GoSL to strengthen the higher education sector and achieve the objectives of the AHEAD program component. This second will also cover monitoring and evaluation, policy analyses, program coordination and communication.

The implementing agency is the Ministry of Higher Education and Highways (MHEH). The University Grants Commission (UGC) will coordinate the activities of the universities. There will be an Operations Monitoring and Support Team (OMST) which will coordinate and support all AHEAD activities between the MHEH, UGC, and the universities.

AHEAD has three Results Areas:

Results Area 1: Increasing Enrollment in Priority Disciplines for Economic Development

Results Area 2: Improving the Quality of Higher Education

Results Area 3: Promoting Research, Development and Innovation

## **3. Objectives of the Consultancy**

- Develop the template of Innovation Dash Board
- Facilitate about the operation of the Innovation Dash Board and install it by linking to the university web site.
