

IRCUWU 2019

Being Entrepreneurial as well as Techno-preneurial University in Sri Lanka, UWU has created an exemplary studios milieu for the nation inspired by unique theme, "Value addition to the national resources base" UWU continues to produce well rounded graduates capable of contributing to the national development with innovative solutions.

With the prime objective of expanding knowledge horizons while paving the way towards sustainable national development, UWU takes pride in opening its International Research Conference (IRCUWU, 2019) under the theme of "Sustainable Business Transition through Technology and Innovations" which is scheduled to be held from 7-9, February 2019 at the UWU premises. This high intellectual forum provides platform for scholars, researchers & knowledge seekers to discuss share & disseminate knowledge on invaluable findings of current research while opening new avenues towards sustainable development of global economy especially through technology & innovations.

GOALS

- Motivating research on value addition towards achieving sustainable economic growth
- Creating a platform for staging research findings and a forum for exchanging views for wider interaction among scholars
- Exploring opportunities for interactions and collaborations with industries, researchers and other stakeholders
